Can I use my ID card for eating on campus? How much money can be added to my ID card? Does money on my ID card carry over each semester or from year to year?

To find out your current food balance, just ask for a receipt of your cafeteria transaction or look at the register pole display. Your bookstore receipt will also display this information for the auxiliary account. If you are not sure that you have enough money left on your card to complete a transaction in the cafeteria, just ask the cashier to do a balance check before ringing you up. For a printout of your account activity, you may submit a request in writing to the Security Office.

The food account is only valid for one semester at a time. Money in this account must be spent by the end of the semester or it is forfeited. The auxiliary account is valid for as long as a student is attending the college. If an account holder leaves the College, then the remaining balance is forfeited, but it is valid until that time.

In order to have your ID validated, you must go to the Security Office during office hours. YOU MUST BRING PROOF OF REGISTRATION WITH YOU. Don’t panic if you are unable to come in during regular hours. The office is open late at the beginning of each semester. Look for fliers or call 914-654-5204 for details of extended hours.

Is alcohol allowed in the residence halls?
Because the average age of students residing in the residence halls is under the legal drinking age of 21, no alcohol is permitted in Brescia or Ursula halls. Since the average age of students residing in Angela hall is over 21, specific alcohol guidelines have been developed for residents of that building.
