VERSATILE CURRICULUM

The College of New Rochelle’s CASAC-T Addiction Counseling Program, offered through the College’s School of New Resources, enables you to provide counseling to addiction sufferers. This credential is a valuable asset to professionals in the fields of mental health counseling, school prevention, correctional services, psychology, education, and social work.

Because we are a certified CASAC-T Education and Training Provider, you will benefit from a rigorous presentation of research theory and practice in the field of addiction studies. Upon completion of the program, you will have satisfied New York State’s 350-hour educational requirement to receive the Certificate of Completion and be prepared to sit for the CASAC-T exam.

PRACTICAL SKILLS

Through our CASAC-T Addiction Counseling Program, you will build a strong foundation in the latest theories in addiction and counseling, and gain practical skills such as learning to assess patients, making differential diagnoses, setting up treatment plans, and creating and implementing strategies for early intervention and prevention.

Our faculty are currently working in the field, and with their professional guidance and your CASAC-T certificate, you are primed for career advancement in human services and healthcare.
COST
Non-matriculating students incur a total cost of $3,638 for the entire program, which is significantly more affordable than most programs of this kind.

Adult Career and Continuing Education Services-Vocational Rehabilitation (ACCES-VR) grants are accepted for the CASAC-T program.
