Congratulations on your acceptance to The College of New Rochelle!

We are excited at the prospect of having you join our community here in New York. The next step in helping you enroll at CNR is for you to obtain a student visa from your local consulate or embassy.

We will assist you through the visa process, starting with the required documentation we need from you to issue you an I-20, which you will then take to your visa interview.

In order to issue you an I-20, **please complete and sign the “I-20 Request Form” included in this packet of information.** This should be completed with any individual who will be responsible for covering your costs for the academic year you spend at The College of New Rochelle. In addition, please make sure to submit your official bank statement to our office, along with the signatures of your sponsors.

You should mail these documents to us at the following address:

Funding

All students requesting a I-20 from CNR must provide proof of sufficient funding for academic and living expenses as well as health insurance. You or your designated sponsor will be responsible for all scheduled payments to CNR. Note that official and original financial documentation is required prior to issuing the I-20. Documents that show students are potential candidates for scholarships are not acceptable. If your sponsor is paying your tuition, fees, room and/or board, your sponsor's billing authorization for payment must be unconditionally guaranteed and a copy of the billing authorization, which should include your student V number, must be provided by the student to the Student Accounting Department each semester. Payment is due by the due date indicated on the bill from the Student Accounting Department. The student is ultimately responsible for payment, should the sponsor default on their payment.

CNR is required to review all financial documentation prior to issuance of an I-20. Sufficient funding must be shown for the first year of study. The estimate of expenses on the CNR I-20 is an approximation, and it is the student's responsibility to examine all expenses for their program of study by viewing the CNR website.

Estimated costs are as follows for the 2017-2018 academic year (note that actual costs may vary by program and student lifestyle and do not include summer tuition and fees). The CNR Board of Visitors meets each May and reserves the right to change any and all tuition and fees. Funding source amounts listed are per year in U.S. dollars.
